

Submission Checklist for OSA Journals

- Which OSA Journal is [most appropriate](#) for your paper?
- Did you apply the correct [manuscript template](#) for Word or TeX when preparing your paper?
- Review the [Copyright Transfer Agreement](#) and obtain necessary clearances prior to submission. Have you have obtained [permission](#) and given appropriate attribution to reuse figures, images, or other material from other sources?
- Review the [OSA Ethical Guidelines](#), in particular the expectations of authors.
- Have your co-authors approved the manuscript? Is the co-author listing accurate?
- Compile contact information for all co-authors.
- Identify the funding agency(s) for your research results.
- Is a cover letter required? A response to previous reviews is required for all resubmissions. *Optica* requires a cover letter for all submissions.
- Optics Express* and *Optics Letters*: A novelty and impact statement is required.
- Are you submitting [supplemental material](#)? Did you follow the guidelines for labeling the material in your manuscript?
- Review the [publication fees](#) that are applicable to your selected journal.
